

# RACING H2O DROPS

Test how fast your water drops travel

## WHAT YOU NEED

- Parchment Paper
- Markers
- Straws
- Water
- Spoon or Eye Dropper

## HOW TO DO IT-STEP BY STEP

- 1) Rip or cut your parchment paper for the race track.
- 2) Color in each child's racing line with markers or crayons. Don't forget to draw a finish line at the end.
- 3) Use your eye dropper to place a drop on each race lane.
- 4) Take a straw and start the race by blowing their water droplets to the finish line.
