

CANOE CRAFT

Create a canoe with a paper towel tube

WHAT YOU NEED

- Paper Towel Tube
- Scissors
- Toothpicks
- Hot Glue Gun
- Bamboo Skewers
- Paper

HOW TO DO IT-STEP BY STEP

- 1) Flatten the paper towel tube. Cut both ends rounded with scissors.
- 3) Cut the tube open along the fold on one side.
- 3) Glue the rounded ends together and draw "sewing" marks on the ends.
- 6) Cut or break toothpicks to size and glue them on the inside of the canoe to keep it open.
- 7) Cut bamboo skewers to match the canoe. Cut 4 rounded rectangles and glue two on each stick, one on each side of the stick.
- 8) Share your canoe with us!
